

Mental Health Counseling Directory of Field Placements

Students Please Note: This list is updated every year and contains contact information from past placements where our MHC students have done field placements and or internships. Contact information for field placements can change regularly so some information may still need to be updated -- please keep track of which placements you come across that give you any trouble and inform Program Director Michael Gill @ Michael.gill@einstein.yu.edu so that we may further update and maintain this list. Students should also check out the web pages for these sites for various updates and application deadlines. If interested in applying, please send a professional cover letter, updated resume, and days and hours of availability. Please also refer to the various websites at the end of this list that contain information for locating internships. Please see MHC Program Director if you have any additional questions.
